employment

June 2009–present

Web Designer at Fresh Egg Ltd.

This role includes building & maintaining bespoke websites from design to finish.

Some of the projects I have worked on: www.abbeyhospitals.com, www.horsefarrier.co.uk, www.searchandsave.com, www.cooperbikes.com, www.curlformers.com & www.modelzone.co.uk

Recent design project at Fresh Egg:

I have just finished developing an iPhone friendly version of the Freshegg website. This project involved simplifying site usability, editing graphics to be viewed easily inside a smaller screen. I achieved this by wrapping the content within a collapsable jquery accordion, dynamically feeding in our latest blog posts and client case studies.

March 2009 - June 2009

Travelled to **America, New Zealand, Hong Kong, Thailand, India & Nepal** over a three and a half month period.

June 2008 - March 2009

SEO Engineer at Freshegg Ltd.

As an SEO Engineer I was responsible for optimising client sites to perform their best on search engines such as Google.

Projects I worked on included: www.thesanctuary.co.uk, www.justeat.co.uk & www.redanywhere.co.uk

June 2005 - May 2008
